# ACCC INNOVATOR AWARDS 2023

The 13th annual ACCC Innovator Awards recognizes visionary and compelling ideas in oncology from ACCC cancer program members nationwide.

Innovations should advance the goals of improving access, quality, and value in cancer care delivery.

- Community outreach, prevention, and screening
- Telehealth, virtual care models, and digital tools
- Artificial and business intelligence platforms
- Community research programs
- Health equity, diversity, and inclusion initiatives
- Operational and financial solutions
- Interdisciplinary partnerships in care coordination
- Patient-centered care and supportive services
- Precision medicine implementation
- Quality and process improvement and monitoring
- Retention and recruitment strategies

Winners will present their innovations at the ACCC 40th National Oncology Conference, October 4–6, 2023, in Austin, TX; be featured in our peer-reviewed Oncology Issues journal; and receive exposure through national media outlets.

\*Recipients will be selected through a peer review process. Applicants must be affiliated with ACCC as a cancer program member.

### ★ Past ACCC Innovator Award Winners

Since 2011, ACCC Innovator Awards honor Cancer Program Members for their ingenuity and pioneering achievements in oncology. Innovations advance the goals of improving access, quality, and value in cancer care delivery.
