

PROGRAM

The agenda inspired new ways of thinking about—and solving for—the challenges facing oncology professionals today, from **GENERAL SESSIONS** that offered novel approaches to forecasting—and navigating—the latest shifts in oncology, to **BREAKOUT SESSIONS**, which facilitated personalized learning and peer-to-peer conversations.

New this year, **CASE STUDIES** offered practical takeaways, “from the field” insights, and effective practices, while the **DEEP DIVE WORKSHOPS** combined bi-directional learning, small group dialogue, and interactive exercises.

Download Agenda

Wednesday, March 20

Thursday, March 21

Friday, March 22

7:00 AM - 5:00 PM

ACCC Capitol Hill Day (Exclusive to ACCC members on the cancer care team) *R

Includes registration, breakfast, and issues overview

9:00 AM - 4:30 PM

Surgical Oncology Pre-Conference *R

Surgical services are not always integrated within the larger cancer care delivery framework, leading to a disconnect that can compromise the coordination of care among the multidisciplinary team. Through the examination of three case studies, we'll explore the drivers and obstacles, building blocks, costs, and effective practices of a successful surgical oncology program. Participants will have the opportunity to critique, question, and learn from peers who have developed successfully integrated surgical oncology programs.

11:00 AM - 4:30 PM

Radiation Oncology Pre-Conference *R

Explore forward-thinking strategies necessary for supporting radiation oncology program viability and innovation. Participate in robust, multidisciplinary discussions that address the critical issues—and opportunities—facing today's radiation oncology practices and programs.

3:00 - 6:00 PM

Registration/Customer Service Desk Open

5:00 - 6:00 PM

Welcome and Opening Reception in the Exhibit Hall

*R = Separate Registration Required

Agenda subject to change.
