

Best of Community Cancer Care

October 13, 2022

West Palm Beach Convention Center | West Palm Beach, Florida

Learning Objectives

At the end of this educational activity, participants should be able to:

- Review highlights of the advances in clinical and translational research presented at recent national clinical conferences
- Provide opportunities for discussion with leading oncology experts on translation of new investigational clinical and operational updates into patient care strategies
- Establish collaborations between community oncology clinicians and cancer program administrators to address challenges of integrating new data into practice
- Evaluate tools and resources in specific areas of cancer management that can be used to achieve effective cancer care delivery and improve the patient experience

Disclosure Information

Boston University School of Medicine asks all individuals involved in the development and presentation of Accredited Continuing Education activities to disclose all financial relationships with ineligible companies. This information is disclosed to all activity participants prior to the start of the educational activity. Boston University School of Medicine has procedures to mitigate all relevant financial relationships with ineligible companies. In addition, faculty members are asked to disclose when any unapproved use of pharmaceuticals and devices is being discussed.

In accordance with the Standards for Integrity and Independence in Accredited Continuing Education, all relevant financial relationships with ineligible companies that faculty, planners, authors, and anyone who may be in control of content have been mitigated.
