**ACCC membership gives you access to the perfect toolbox for constructing solutions to today's challenges. Connect your entire team to powerful resources to build and enhance your cancer program.**

**The Association of Community Cancer Centers (ACCC), founded in 1974, is the leading education and advocacy organization for the multidisciplinary cancer team.**

**It is estimated that 65% of the nation's cancer patients are treated by a member of ACCC.**

**The healthcare environment is full of complicated, fast-moving changes that impact how community cancer centers and their teams operate.**

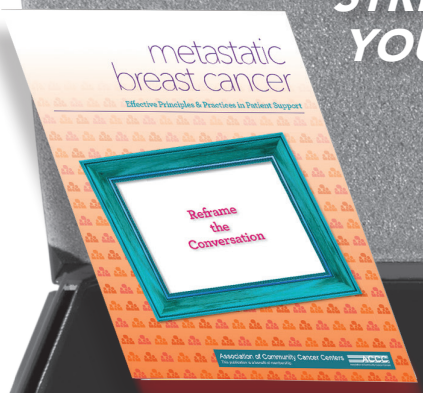

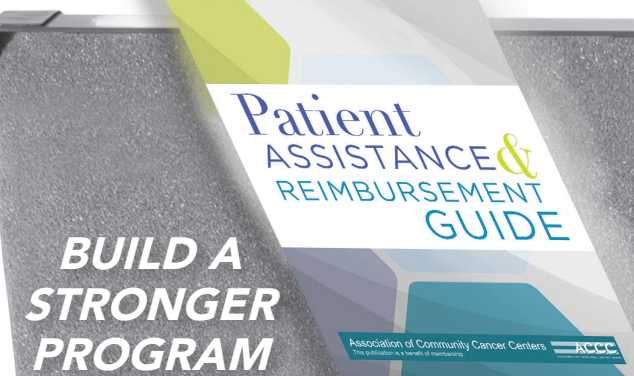

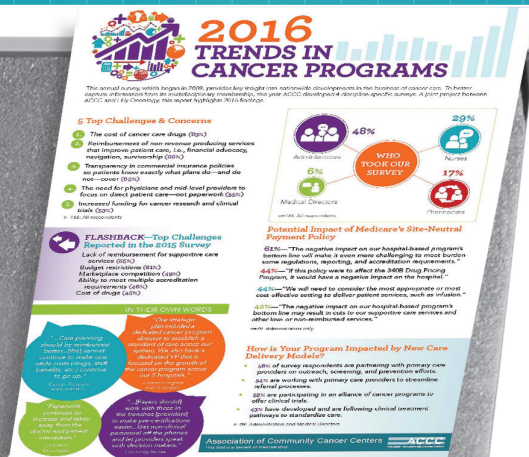

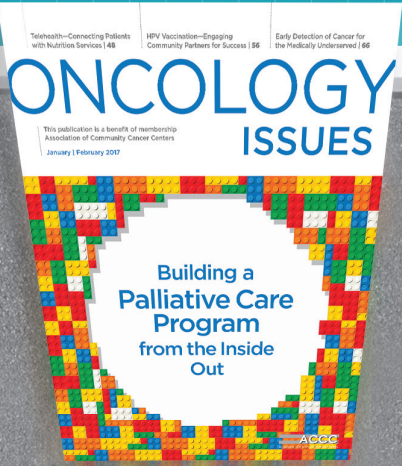

**With these changes come opportunities for your cancer program to evolve, to add new treatments, and to make a greater impact on patients' lives.**

**Join ACCC and every member of your cancer care team automatically becomes a member, and can access knowledge, resources, and tools, and build a network of peers.**

**With 700 Cancer Program Members, ACCC represents:**

- ✓ Approximately 23,000 cancer care professionals from over 2,500 hospitals and practices nationwide.
- ✓ The entire cancer care team—cancer program administrators and managers, data managers/tumor registrars, financial advocates, hospital executives, oncology physicians, nurses and pharmacists, patient navigators, social workers, billers and coders, and others.
- ✓ All models of cancer treatment delivery—hospitals, physician practices, freestanding centers, and joint ventures between hospitals and physicians.
- ✓ Small community programs to major academic programs that see more than 15,000 patients annually.

## Tools to Improve Quality Care

- ✓ **Learn about best practices and cost-effective, innovative models of care delivery** through ***Oncology Issues***, our award-winning journal. Each issue offers practical and replicable strategies to help your cancer program excel.
- ✓ **Be the first to access new information on immunotherapy through the ACCC Institute for Clinical Immuno-Oncology (ICLIO).** ICLIO is the only initiative to prepare multidisciplinary cancer care providers for the complex implementation of immuno-oncology in the community setting.
- ✓ **Learn practical strategies** for meeting the challenges of delivering cancer care through **ACCC Provider Resources.** Webinars, publications, toolkits, and more are available on topics that meet the needs of your multidisciplinary oncology team.
- ✓ **Receive exclusive access to benchmarking data and analysis** in the annual **"Trends in Cancer Programs"** survey, which reveals how cancer programs are controlling costs, implementing new standards, launching innovative organizational strategies, and improving patient care.
- ✓ Access real-time information on drug coding, billing, and reimbursement through the online **ACCC Oncology Drug Database.**
- ✓ **Keep current on oncology and healthcare news** with **ACCCConnect**, a bi-weekly e-newsletter covering legislative, reimbursement and program/practice news; cancer drug updates; and future events.

## ACCC: Your Voice and Advocate

ACCC recognizes that, together, we can help policy makers at the federal and local level better understand how their decisions impact community cancer centers and patient care. We work with national legislators on Capitol Hill and with the Centers for Medicare & Medicaid Services on behalf of our members.

As a member, you can get involved by:

- ✓ **Uniting** with other cancer care professionals through our Grassroots Advocacy Campaign.
- ✓ **Participating** in our annual Capitol Hill Day and written campaigns.
- ✓ **Accessing** ACCC resources on how healthcare reform, changes to 340B Drug Pricing Program requirements, new payment models, and more affect your delivery of quality cancer care.
- ✓ **Engaging** in members-only conference calls on hot button issues such as 340B, proposed rules, and game-changing legislation.
