

Community Clinical Perspectives— A Joint ACCC and Medscape Project

Individualizing Treatment for Patients with Newly Diagnosed Multiple Myeloma

The goal of this activity is to provide a basic foundation for increasing awareness and understanding of the importance of individualizing the treatment of patients with newly diagnosed multiple myeloma. Faculty: Sagar Lonial, MD. This activity is intended for hematologists, oncologists, and other healthcare professionals who treat patients with multiple myeloma.

- Physicians—maximum of 0.50 *AMA PRA Category 1 Credit(s)*TM

Supported by an independent educational grant from Millennium: The Takeda Oncology Company. Supported by an educational grant from Celgene.

Clinical Perspective in Advanced Prostate Cancer: Asymptomatic vs. Symptomatic Disease

The goal of this activity is to review key issues facing clinicians who care for patients with advanced prostate cancer and discuss how best to incorporate available treatment strategies for advanced prostate cancer into the clinic using a case-study approach. Faculty are: A. Oliver Sartor, MD and Sandra M. Kelly, MS, RN, NP. This activity is intended for nurses and nurse practitioners caring for patients with prostate cancer.

- Nurses—0.75 *ANCC Contact Hour(s)* (0.75 contact hours are in the area of pharmacology)

Supported by an educational grant from sanofi-aventis US.

Treatment of Patients with Newly Diagnosed Multiple Myeloma

The goal of this activity is to examine, through the presentation of patients in a clinical context, the many issues, including front-line treatment options and patient characteristics, involved in choosing an appropriate therapy for patients newly diagnosed with multiple myeloma. Faculty: G. David Roodman, MD. This activity is intended for hematologists, oncologists, and other healthcare professionals who treat patients with multiple myeloma.

- Physicians—maximum of 1.75 *AMA PRA Category 1 Credit(s)*TM

Supported by an independent educational grant from Millennium: The Takeda Oncology Company. Supported by an educational grant from Celgene.
