

Community Clinical Perspectives— A Joint ACCC and Medscape Project

2011 ASCO Updates

If you weren't able to attend the annual meeting of the American Society of Clinical Oncology (ASCO), here are exciting new updates for practitioners.

To help you stay current with key presentations from ASCO 2011, ACCC is pleased to bring you "First Responses," succinct video summaries and community perspectives by experts in breast cancer (in partnership with Medscape Oncology), lung cancer (in partnership with Medscape Oncology and Fox Chase Cancer Center), and lymphomas. Free continuing education activities include:

- Breast Cancer Highlights From Chicago: Expert and Community Perspectives
- A First Response on the Advances in Non-Small Cell Lung Cancer
- First Responses on Lymphoma.

Management of Advanced Non-Hodgkin Lymphoma

Discuss and synthesize the latest data on front-line salvage therapies for patients with NHL. An overview of four different disease subtypes of NHL in which transplantation is a treatment option. Faculty are Ginna G. Laport, MD; Ajay Gopal, MD; Philippe Armand, MD, PhD; and Julie M. Vose, MD. This activity is intended for hematologists, oncologists, hematologic transplant physicians, and other healthcare professionals who treat patients with NHL.

- **Physicians**—maximum of 3.00 AMA PRA Category 1 Credit(s)TM.

Supported through an independent educational grant from the National Marrow Donor Program.

A First Response on Advances in Non-Small Cell Lung Cancer

Distill and appropriately incorporate newly presented data from the 14th World Conference on Lung Cancer into practice and better manage patients with advanced NSCLC. Faculty are: Hossein Borghaei, DO; Joan H. Schiller, MD; Mark Socinski, MD; and Giorgio V. Scagliotti, MD, PhD. This activity is intended for oncologists, oncology nurses, and all other healthcare professionals who manage and treat patients with NSCLC.

- **Physicians**—maximum of 0.50 AMA PRA Category 1 Credit(s)TM
- **Nurses**—0.50 ANCC Contact Hour(s) (0.5 contact hours are in the area of pharmacology).

Supported by an educational grant from Pfizer, Boehringer Ingelheim, Genentech, and Lilly.

Optimizing Outcomes for Patients With Advanced Non-Small Cell Lung Cancer

Discuss the changing treatment paradigm for advanced NSCLC, with a focus on the use of tumor histology and molecular profiling in guiding treatment selection in both the first-line and maintenance setting. This activity is intended for oncologists, oncology nurses, and all other healthcare providers who care for patients with advanced non-small cell lung cancer. Faculty are: Jeffrey Crawford, MD; Lee S. Schwartzberg, MD; Nicholas Thatcher, MD, PhD; and Maureen F. Zakowski, MD.

- **Physicians**—maximum of 2.00 AMA PRA Category 1 Credit(s)TM.

Supported by an independent educational grant from Lilly.
