2015 Disparities Focus: After assessments of patients, physicians, our community & the navigation utilization summary, additional SRMC resources for the following disparities are needed & we recommend focusing much of our efforts on these needs that will be most beneficial to our patients and community (approved 2/4/15):

1. Patient Navigation (continued growth & additional support staff for navigation, psychosocial and financial support (hired an additional nurse navigator who started May 4 & continue involvement in ACCC related projects, conferences, etc)
2. Palliative care/ symptom control/ pain management (continue the palliative care task force with continued emphasis on palliative care at SRMC)
3. Oncology rehab/ disabilities/ medical equipment (assess areas for partnerships with our rehab dept & agencies such as HealthSouth): partnered with the YMCA Petersburg for Healthy Living & Exercise discounted program for our pts
4. Financial and legal support (work with ACCC financial network & projects & potential assess a potential partnership with LINC)
5. Smoking cessation (SRMC Fresh Start programs are being held in 2015)
6. Early diagnosis & treatment of thoracic cancers (focus 2015 on lung cancer screening & thoracic oncology)
