

Patient Application Form Instructions

Thank you for your interest in enrolling your patient in The Safety Net Foundation. The Foundation is a non-profit organization that helps needy patients obtain access to Amgen products.

To apply for the Foundation:

1. Make sure the facility is enrolled in the Foundation by submitting a Facility Application Form. This Form only needs to be completed once upon a facility's initial enrollment into the Foundation. (Not required for Nplate[®] or Sensipar[®] patients or Prolia[™] patients going through the prospective shipment model.)
2. Fill out the patient and physician information on the enclosed Patient Application Form.
3. Fill out the facility information on the enclosed Patient Application Form. (Not required for Nplate[®] or Sensipar[®] patients or Prolia[™] patients going through the prospective shipment model.)
4. Make sure the patient signature is on the Patient Application Form.
5. Provide family size on the Patient Application Form (include number of people in household in the financial section).
6. Provide proof of patient's household income along with the Patient Application Form. You or your patient may submit any **one** of the following:
 - latest federal or state tax return,
 - latest W-2 statement,
 - SSDI/SSI award letter,
 - bank statements (last 3 months showing income deposits),
 - pay stubs (last 2 pay stubs), **or**
 - state program acceptance letter or card (e.g. ORSA).

If the patient does not have proof of income, you may complete **one** of the following forms:

- notarized income statement (form enclosed), **or**
 - attestation statement with two signatures (form enclosed).
7. Fax or mail the completed Patient Application Form and proper income documentation to:
