

Karen Roesser RN, MSN, AOCNS received her BSN and MSN with a specialization in oncology from Russell Sage College in Troy, New York. She has worked in the field of oncology for her entire nursing career. This has included both the inpatient and outpatient settings in the areas of medical oncology, surgical oncology, and bone marrow transplantation. She practices as an Oncology Clinical Nurse Specialist (CNS) at the Thomas Johns Cancer Hospital at Johnston-Willis Hospital in Richmond, Virginia. In this CNS role, she provides consultative services to complex medical oncology patients, education to nurses and to the community; genetic counseling to patients at risk for hereditary cancer syndromes; and cancer program planning. Her interests include administration of chemotherapy for oncologic and non-oncologic conditions, symptom management, palliative care, cancer genetics, and patient education.

She has presented nationally on numerous occasions and has written educational monographs, book chapters and articles. She has served as an Associate Editor of the Oncology Nursing Society (ONS) website and has been the recipient of several awards including the Advanced Oncology Certified Nurse (AOCN) of the Year award (2010), Virginia March of Dimes Nurse Author/Researcher of the Year (2013), and the Oncology Nursing Society's Mary Nowotny Excellence in Cancer Nursing Education award (2015). She is a member of the Oncology Nursing Society, the ONS Chemotherapy Special Interest Group (SIG), the Cancer Genetics SIG, and Sigma Theta Tau.
