

A WEBINAR INVITATION ON:

A MULTIDISCIPLINARY APPROACH TO CHALLENGES ASSOCIATED WITH THE TREATMENT OF ADVANCED BASAL CELL CARCINOMA AND CUTANEOUS SQUAMOUS CELL CARCINOMA

Please join The Arizona Clinical Oncology Society (TACOS) virtually for an afternoon of education, case presentations, and discussion kindly hosted by Regeneron. Any interested clinician or trainee is welcome to attend, so please share this invitation with your network, and **feel free to bring a patient case!**

SPEAKER

MARTIN DIETRICH, MD, PHD

Medical Oncologist

Florida Cancer Specialist & Research Institute

Dr. Dietrich received his medical degree from the University of Heidelberg, Germany, and his doctorate in molecular genetics from the University of Texas Southwestern in Dallas. He completed his residency in internal medicine and a fellowship in hematology/oncology at the University of Texas Southwestern.

Dr. Dietrich is the medical director of the Cancer Genetics Program at the Florida Hospital Cancer Institute in Orlando, and a member of the

hospital's Institutional Research Committee and moderator of the Molecular Tumor Board. He is an assistant professor of Internal medicine at the University of Central Florida College of Medicine in Orlando. He has authored and coauthored numerous peer-reviewed articles.
