## CLINICAL UPDATES AND EXPERTISE FROM OUR EUROPEAN COLLEAGUES

ESMO COMES TO THE U.S. THIS FALL

We've partnered with ESMO to host the first-ever U.S. based ESMO conference series. Join our program hosted in Denver, Colorado either virtually or in-person. This premier event will gather international oncology professionals to discuss highlights from the ESMO Congress 2022, equipping them with the latest strategies to improve clinical practice and treatment outcomes.

Experience the discussion of the latest emerging data first hand in this rapidly advancing scientific field.

**Register free to reserve your seat today!**

### FREE PROGRAM INCLUDES:

- 7.75 CME/CE Credits and MOC Points
- Expert sessions that present the most clinically relevant data, research, and clinical strategies
- Enduring video content for watching at your leisure
- Catered meals throughout the program
- Networking reception for connecting with peers, colleagues, and medical professionals, featuring an open bar and hors d'oeuvres
- Access to the latest industry information and resources
