

LEADERS in Oncology

Eden Roc Miami Beach
January 28-29, 2022

Welcome

Welcome to the 2022 ACCC and Oncology State Societies *Leaders in Oncology* program. ACCC has been privileged to engage with—and support—quality care delivery on both the national and state level for more than 40 years. Since its provider-led beginnings, ACCC has worked with oncology leaders from around the country who are practicing in all settings of care.

As you know, the work of your Oncology State Society has the potential to directly impact the delivery of quality cancer care in your state and beyond. We are excited to bring together Oncology State Society and ACCC leadership to share perspectives, opportunities, and challenges. This experience will create a collaborative atmosphere for learning, professional development, and robust networking.

Your time, knowledge, and perspectives are greatly valued in this interactive leadership retreat. We hope this session will empower you to:

- Build new relationships with your peers in oncology leadership from across the country.
- Reinforce Board dynamics and explore innovative ways of engaging with current and future members.
- Identify key initiatives and opportunities for strategic growth within your state society.

Thank you for your dedication toward setting the stage for future development and opportunities with your society.

Sincerely,

Krista Nelson, MSW, LCSW, OSW-C, FAOSW, President, ACCC

Christian G. Downs, JD, MHA, Executive Director, ACCC

Stephanie Van Winkle, Executive Director, *Oncology State Societies at ACCC*

Agenda

Leaders in Oncology
January 28 - 29, 2022
Eden Roc Hotel, Miami Beach, FL

* All sessions will be held in the Tsuki/Aozora meeting space in the Nobu Tower

Friday, January 28

6 :30 PM Reception and Dinner with ACCC Board

Saturday, January 29

7:30 AM **Breakfast**

8:30 AM **A Day of Learning, Partnerships, and Curiosity**
Christian G. Downs, JD, MHA
Executive Director, *Association of Community Cancer Centers*

Morning Sessions:

Networking Evolution - Helping Members Make Meaningful Relationships

The key connections colleagues make through their association are a primary piece of value. Our opening session gives you practical methods to help members make more meaningful connections with their professional community.

Membership - Retention & Engagement

The definition of membership – of who belongs – may no longer be solely defined by who pays dues. What elements of your current membership model should be continued? What innovation is needed? In this session, we will explore both.

Creating a Welcoming Environment

Creating a welcoming environment doesn't happen by accident – only by intention. This session will balance discussion with design for a more customized approach to community creation.

Governance of Excellence: A Reflective Discussion

As Board members are elected to their term of service, we rarely take the opportunity to step back and reflect on the Board as a whole. This session will provide a framework to help you evaluate the current health of your Board, better recognize where your strengths are serving you well, and identify opportunities for refinement and greater impact.

12:15 PM **Lunch**

Afternoon Session:

1:00 PM **Learning Through Inquiry, Discovery, and Understanding**

In this ever-rapid rate of societal change, our organizations are challenged to make fast decisions to keep up. How much more would we understand if we took the time to explore the questions that would bring us greater knowledge and perspective? What if our leadership was presented with the most important questions for discussion and not just the first questions that emerge?

This session will walk through a process for better discovery and understanding through inquiry. From attendee perspectives gathered before we are on-site, assembled leaders will craft key opportunities for success in the areas of ***Policy, Education, Leadership, and Membership*** through an intensive, collaborative creation process.

2:45 PM **Takeaways and Conclusions**

3:00 PM **Adjourn**

**Leaders in Oncology
Board Participants**

Olalekan Ajayi, PharmD, MBA
