You deserve a community that understands the complexities of the shifting healthcare landscape.
We can help.

WHO ARE WE?

The Empire State Hematology & Oncology Society (ESHOS) is a diverse community of cancer care professionals from across the state. **ESHOS has provided a unified voice for multidisciplinary cancer teams and their patients from upstate to downstate New York.**

Members rely on ESHOS for educational content and advocacy support in anticipation of—and response to—the challenges of delivering efficient, quality cancer care. We offer resources on coverage and reimbursement, federal and state legislation, integration of new treatment approaches, and more.
