Dr. Sumanta Kumar Pal

City of Hope Comprehensive Cancer Center

Event Information:

DATE & TIME

Tuesday, November 15, 2022 | 7:00 - 8:30 PM Eastern Time

LOCATION

North Carolina, South Carolina, Georgia

About Roundtable Meetings

Join Targeted Oncology™ for a series of evening meetings designed around case-based data and peer-dialogue led by expert physicians on relevant oncology focus areas. Discussions include case-based data, diagnostics, current therapy guidelines and potential treatment options. These meetings are intended for actively practicing oncologists treating the designated therapeutic area.

Post-meeting an HRA® survey will be provided to better understand physicians' educational needs. You will be offered compensation of \$500 by HRA® for your contributions to the meeting and your completion of the short survey.
