

ENGAGE AND SUCCEED WITH VAHO!

You deserve a community that understands the complexities of the shifting healthcare landscape.
We can help.

WHO ARE WE?

The Virginia Association of Hematologists and Oncologists (VAHO) is a diverse community of oncology professionals from across the state. **Since 1990, VAHO has provided a unified voice for multidisciplinary cancer teams and the patients they serve.**

Members rely on VAHO for educational content and advocacy support in anticipation of—and response to—the challenges of delivering efficient, quality cancer care. We offer resources on coverage and reimbursement, federal and state legislation, integration of new treatment approaches, and more.

SEE HOW VAHO CAN HELP YOU

"I have been a part of VAHO since 1997, and the greatest gift of serving all these years has been the sense of community amongst all of us in Virginia through our state association. Not only do we bring in relevant speakers to our conferences to discuss topics that are timely and important to all, but we are able to talk amongst ourselves and realize that we are all going through similar issues together."
