## WHO ARE WE?

The West Virginia Oncology Society (WVOS) is a diverse community of cancer care professionals from across the state. **Since 2008, WVOS has provided a unified voice for multidisciplinary cancer teams and the patients they serve.**

Members rely on WVOS for educational content and advocacy support in anticipation of—and response to—the challenges of delivering efficient, quality cancer care. We offer resources on coverage and reimbursement, federal and state legislation, integration of new treatment approaches, and more.
