

PET PARTNER PROGRAM

Please enjoy Pet Partners, a service to our Radiation Oncology patients and their guests.

An outreach service of Florida Hospital HospiceCare Pet Partners Program, HosPooch dogs and their partners provide friendly visitation to those who are interested.

All pets and their volunteer partners have been screened, trained and registered with Intermountain Therapy Animals, Alliance of Therapy Dogs and Florida Hospital HospiceCare.

If you have questions, check with any of our Radiation Oncology staff.

Life Affirming Care Since 1996
