

High Risk Cutaneous Squamous Cell Carcinoma: Recognition and Management

Wednesday, February 19
6:00 to 8:00 PM

Keens Steakhouse
72 West 36th Street
New York, NY 10018

Speaker: Desiree Ratner, MD
Clinical Professor, Ronald O. Perelman
Department of Dermatology
NYU Langone Health

Join a best practices seminar to identify lesions suspicious for cutaneous squamous cell carcinoma (cSCC), better understand the clinical and histologic features of high risk cSCC, and learn about management options.

Seating is limited to the first 50 registrants.

Complimentary registration at <http://www.cvent.com/d/hhq64d>
